HOA Trustees: We Want to Hear from You!

In most subdivisions, the Board of Trustees is comprised of subdivision homeowners who volunteer their time to maintain and improve their respective subdivisions for the betterment and enjoyment of all residents.

Generally, the subdivision community elects trustees to their positions at an annual meeting. The duration of the service is detailed in the association's indentures and terms are usually staggered to ensure a continuing level of experience on the board. When your trustees change (or if you live in a newer subdivision) it's important to update your HOA contacts with the City. Providing the City with up-to-date contact information ensures that we are able to share important news, changes and event details (such as the annual HOA symposium) with you. To update your information, please contact Lauren at (636) 327-5101.

Preferred Parking Guidance

City Municipal Code Section 355.050 states, "No person shall park any vehicle upon a street, other than an alley, in such a manner or under such conditions as to leave less than 10 feet of the width of the roadway [available] for free movement of vehicular traffic."

Residential streets are somewhat narrow, measuring 26-feet wide from the back of curb to the back of curb. This design is arranged to permit eight-foot wide parking lanes on both sides of the street with a 10-foot single driving lane in the center. Compact and mid-size cars fit within the eight-foot wide parking lane if the driver parks with the tires very near to the curb. Full-size pickup trucks and full-size SUVs must park very close to the curb and may need to fold in the driver's side mirror to remain within the eight-foot parking lane. When possible, full-size vehicles should avoid parking across from another vehicle to ensure the street is passable for emergency vehicles, school buses and other large delivery trucks.

Challenge Kicks Off This November: Recycle More! Trash Less.

The City of Wentzville is passionate about encouraging our residents to be forward thinking and to care about the world we live in – specifically our corner of the world here in the Wentzville community. To that end, we have been awarded a grant by the St Louis-Jefferson Solid Waste Management District and the Missouri Department of Natural Resources, which will fund a recycling education campaign during 2017-2018. In November, we will launch a five-month Citywide recycling challenge – known as the "Recycle More! Trash Less. Challenge." In addition to educating the public about what is and what isn't recyclable, how contamination rates can be lowered, where to recycle odd items such as textiles and batteries, etc., we will also be encouraging residents to increase their recycling rates.

Wentzville has recycling/trash pickup five days a week, each day trash/recycling from a different section of our community is collected. From Nov. 1, 2017, to March 31, 2018, we will be recording recycling rates for each day of the week, separately. This will help to determine which day of the week is the winner! Every household within that "day of the week" team will receive \$3 off of three months' worth of recycling bills in 2018.

So what can you do? We need your help! Please tell your neighbors about the Recycle More! Trash Less. Challenge. And be sure to watch for challenge tips on the City's social media channels.

We're also on the lookout for Recycling Rockstars! Do you or someone you know go above and beyond to recycle? If you rock at recycling, then we want to hear from you! Share your rockin' recycling tips at socialmedia@wentzvillemo.org.

Get to know the recycling process.

Ever wonder what happens to your recyclables after they leave your recycling cart? This video from www.Re3.org, explains what happens to your recyclables when they get to the Material Recovery Facility. The video also provides a great reminder about why plastic bags AREN'T recyclable (unless you take them to a drop-off location).

A Material Recovery Facility, or MRF, is where recyclables go after they leave your curbside cart. This video explains how a single-stream MRF operates and how recyclables get sorted. To watch the video, visit bit.ly/recyclemore1.

New Playground Coming to Heartland Park

Jake's Field of Dreams is the name of the new universally accessible playground planned for Heartland Park. This playground commemorates Jake Vollmer who passed away in 2012 after a lengthy battle with muscular dystrophy. Jake was like so many other little boys who dreamed of playing sports. Knowing he would never play like his heroes, Jake became the greatest sports fan, cheering for all who played the games he could not. This playground will help so many kids share Jake's dream – no matter their ability – to enjoy the thrill of being on the field as a player side-by-side with their peers. His story embodies so many of the things that we value in Wentzville - family, togetherness, our sports teams and coming together as a community to make great things happen. This playground is an exciting partnership between

Mayor Nickolas Guccione

the City of Wentzville and Unlimited Play, an organization that helps facilitate themed playgrounds for communities all across the United States. The City's Parks and Recreation Fund has budgeted \$500,000 toward a very unique playground that has been designed to ensure that every piece of equipment can accommodate visitors with or without physical limitations. Unlimited Play has taken the lead to raise an additional \$590,000 from individuals, corporate donors and granting agencies for whom this type of project would be eligible. Friends of the Wentzville Parks will host a Trivia Night fundraiser to support Jake's Field of Dreams. The event will be held on Nov. 18; learn more on pg. 6.

Join us for a groundbreaking ceremony for Jake's Field of Dreams. The ceremony will be held at Heartland Park (100 William Dierberg Dr.) beginning at 4 p.m. on Monday, Nov. 20.

"Round Up" to Make a Difference During the Holidays

By simply signing up to "round up" your monthly utility bill to the nearest dollar you can make a great, positive impact on our senior community. This is much needed, especially during the holiday season.

So how does it work? If you sign up, your monthly bills will be rounded up to the next highest dollar. For example, if your bill is \$44.25, your bill will be rounded up to \$45.00. Making your contribution 75 cents. The funds raised from this program will be donated to our local Meals on Wheels program. To sign up to have your monthly utility bill rounded up to the nearest dollar, please visit www.wentzvillemo.org to complete a form. Questions? Please call (636) 639-2155.

Filing Opens for Municipal Offices

Beginning Tuesday, Dec. 12, at 8 a.m., candidates may begin filing for the elected municipal offices that will appear on the April 2018 ballot. Candidates will need to file at City Hall, at 1001 Schroeder Creek Blvd. The filing period will remain open until 5 p.m. on Tuesday, Jan. 16, 2017. If you would like more information, please call the City Clerk's office at (636) 639-2010.

Frozen Ponds Pose Safety Risks

The single-digit temperatures that will make their way into Wentzville this winter, will inevitably bring with them freezing ponds, lakes and other frozen bodies of water. However, while the ice may be beautiful, it poses some chilling dangers.

At most, the ice on our ponds and lakes is only about a half to three-quarters of an inch thick. In order to support even the smallest child, it needs to be upwards of two to three inches thick. It's also important to remember that ice is dangerous for our pets, too. Though they generally weigh less than humans, they also have the potential to fall through the ice. If you see your pet venture out on the ice, do not follow them — especially if they fall through!

Even with precautions and safety plans in place, ice emergencies can happen. Although hypothermia is the greatest danger, getting out of the water is critical. Never try and enter the water to rescue a person or an animal. If possible, try to throw a flotation device or rope to help, but never go on the ice yourself. Call 911 immediately and get help on the way. The City reminds you to be safe and aware as you enjoy winter in Wentzville!

Transportation for Wentzville Senior Citizens

Wentzville’s Mayor and Board of Aldermen have approved a new partnership with ITNGateway, which offers transportation for senior citizens (ages 60 and older), adults with visual impairments and adult with disabilities.

The service is available 24 hours a day, seven days a week for any transportation needs within St. Charles County. Rides are available to any destination within the service area, with no limits on ride purpose. Rides are provided in private vehicles by trained drivers.

There is an annual fee of \$50 to sign up, but after just three rides (which must be taken within a year of registering), the City of Wentzville will reimburse eligible residents for the entire \$50 fee. The resident is responsible for the cost of the rides, which is comparable to other ride service options. To be eligible for the annual fee reimbursement, you must be a Wentzville resident. After eligible residents have completed three separate days of rides (within one year of registering), ITNGateway invoices can be submitted to City Hall for reimbursement of the \$50 annual fee.

For additional information or to verify your residency, please call City Hall at (636) 327-5101. To learn more about ITNGateway, please visit www.itngateway.org or call (636) 329-0888.

Board of Aldermen: (back row) Robert Hussey (Ward 1), Michael Rhoades (Ward 2), Brittany Gillett (Ward 2) and Matt Swanson (Ward 3); (front row) Linda Wright (Ward 3), Mayor Nick Guccione, and Bryan Harr (Ward 1).

Protecting Our Residents

The Board of Alderman recently adopted a “Constructive Invasion of Privacy” ordinance. The ordinance was adopted to protect residents from being photographed or videotaped when they are in an area where there is a reasonable expectation of privacy. The Federal Aviation Administration regulates the use of drones (unmanned aircraft systems) by realtors, inspectors, biologists and preservationists, farmers and other agricultural researchers, photographers and other members of the general public. This City ordinance protects residents from an invasion of privacy by a drone operator within the City of Wentzville.

If you live with in Wentzville city limits and are concerned about an invasion of your privacy in relation to a drone or drone operator, please contact the Wentzville Police Department at (636) 327-5105.
