## Program Services

The St. Charles Urban County issues five-year forgivable loans up to \$10,000 to assist with repairs on the homes of qualified homeowners. Loans are approved on a case-by-case basis. Approved loans are 0 percent interest with no closing costs or annual fees. If any time during the five-year term the homebuyer decides to move or sell the property, the total loan amount must be repaid to the jurisdiction in full.

All projects require three bids from a licensed contractor and any project started prior to approval is not eligible for reimbursement or payment. Code enforcement violations on a loan application with other projects on it must take precedence. This program cannot be used to upgrade or enhance any component of the home.

Qualified repair services include:

- General exterior maintenance
