If You See Something, Say Something

Wentzville continues to be one of the fastest-growing cities in Missouri. As our community grows, the Wentzville Police Department (WPD) wants to remind residents to look out for each other. Sometimes residents are hesitant to dial 911 in situations that don't feel like a true emergency. However, these calls are an important part of the fight against crime. WPD needs residents to file reports, so we can monitor crime trends and patterns. When we understand where and how crimes are being committed, we are better equipped to solve the problem.

If you see suspicious activity or are the victim of theft, don't wait. Contact the police immediately. When you take the time to report a crime as soon as it happens, we are all moving one step closer to increasing safety for Wentzville's residents and business owners. For more information, please call the nonemergency police line at (636) 327-5105.

HOA Symposium

Neighborhoods often face challenges from common ground maintenance to tall grass and weeds. Wentzville's HOA Symposium on June 18 aims to equip trustees and residents to face these many challenges by providing neighborhood-related presentations, panel discussions and ample time for Q&A.

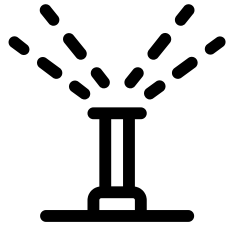

Topics covered will include legal considerations, insurance, neighborhood safety and security, a guide to Stormwater facilities, water service education and more.

This free 90-minute meeting will take place on Tuesday, June 18, from 6-7:30 p.m. at the Wentzville Recreation Center (500 Great Oaks Blvd.). For questions, please contact the Community Development Department at (636) 639-2065.

Split Lawn and Landscaping Watering Schedule

As summer brings hot and dry conditions, the demand for lawn and landscaping watering in our community increases. To ensure a sustainable water supply, Wentzville residents and businesses are encouraged to follow a split watering schedule from June 1 to Sept. 30.

The suggested three-day-per-week schedule is as follows:

- Even-numbered addresses: Monday, Wednesday and Friday mornings.
- Odd-numbered addresses: Tuesday, Thursday and Saturday mornings.

Supplemental watering is available on Sunday mornings at half the usual amount to maintain balanced water pressure. For better sprinkler performance, it is recommended to do 50% of watering outside peak hours (5 a.m. to 8 a.m.) Consider adding a deep watering session every other week during hot, dry weather, ideally in the afternoon or evening on a regular watering day. For more summer lawn tips, visit www.wentzvillemo.gov/LawnManagement. Stay updated on water conservation measures at www.wentzvillemo.gov or call (636) 327-5101. Together, we can manage water effectively and keep our community healthy and beautiful.
