Upcoming Events

Join us this spring for a variety of exciting Wentzville events, perfect for community engagement and offering fun-filled experiences for all ages.

EASTER EGG HUNT

Hippity hop, Easter's on its way. The Easter Bunny has been filling thousands of eggs with candy and prizes for our annual Egg Hunt! We encourage everyone to stay after their hunt time for additional festivities and photos with the Easter Bunny! Some eggs will contain a slip of paper for prizes. Bring a basket to collect all your goodies. Register by March 21 at www.wentzvillemo.gov/Tickets.

You'll participate in a shared egg hunt on a large section of the field with other children. Please register according to each child's age. Children may register for an older age group, but not a younger age group. Don't forget to practice your bunny hops and hunting instincts!

BONE HUNT

Your dog will bark for bones when all kinds of dog treats, bones and toys are hidden for your furry friends. Before the hunt begins, each dog will receive a "doggie bag" to take home and to hold their yummy finds. We will also draw for door prizes. Please provide proof of vaccination by emailing to Fun@wentzvillemo.gov. Those without proof of canine vaccinations at the time of the event will not be allowed to participate. Please be on time for this event because it doesn't take long for the dogs to gather all the treats! Dogs must remain on leashes at all times. Cost is \$20 for day-of registration. The registration deadline is March 16. Get details at www.wentzvillemo.gov/FunTimes.

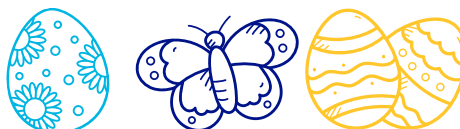

MISSION: CLEAN STREAM

The City and our passionate volunteers have made great strides to remove litter around the community. Over the last 20 years, the City has partnered with a regional event called Mission: Clean Stream. Volunteers across St. Charles County work together on this day to get rid of litter, preventing this pollution from making it to local waterways. In that time 2,500 volunteers have removed a remarkable 95,000 pounds of trash in Wentzville alone. Guess what? That's the average weight of a commercial passenger airplane!

Mission: Clean Stream is back again on April 6. Every piece of litter removed makes a huge difference. It's more than a one-day event — it's about local pride and keeping our City clean and thriving as a great place to live and work.

Join us in a little friendly competition among other cities in St. Charles County. We want to lead in both the number of volunteers and the amount of trash collected! We've noticed a decline in volunteer participation recently, but with your support, we can achieve our goal of removing over 2,500 pounds of trash from Wentzville. Are you ready to take on the challenge? This event is great for kids ages 6 and up, and is perfect for team building, volunteer hours for students, and for local organizations to get involved. A light volunteer lunch will be provided.

Mark your calendar for April 6! Note: Wentzville Parks and Recreation and the Tree Board will hold their Annual Tree Seminar before the event. Register online at www.wentzvillemo.gov/MCS.

Innovation in Action

In 2023, we were proud to launch initiatives aimed at enhancing customer service and safety within our community. The introduction of Power Engage facilitated improved interactions with the Police Department, ensuring that residents receive the assistance they need promptly and efficiently. Additionally, the integration of 26 "Axon Fleet 3" systems equipped with advanced Automated License Plate Reader technology has significantly bolstered our law enforcement capabilities, increasing safety throughout Wentzville.

Economic Development

Our commitment to fostering economic growth was evident through various initiatives and strategic planning efforts. The inaugural Wentzville Business Symposium provided a platform for networking and collaboration among local businesses, while the adoption of a new Economic Development Strategic Plan set the stage for future growth and success.

Community Development

Wentzville experienced remarkable growth and development in 2023, exemplified by the issuance of numerous construction permits for residential and commercial projects. A well-attended HOA Symposium and the welcoming of over 75 new businesses underscored our community's appeal and vitality. Furthermore, a comprehensive community survey reaffirmed the City's commitment to excellence, with satisfaction ratings surpassing national and regional averages in more than 44 of 48 categories.

Winning Results

The accolades and recognition received by Wentzville in 2023 are a testament to our ongoing dedication to excellence. Notably, the City was honored as a National Top Performer, demonstrating our commitment to

leadership and innovation. Additionally, receiving the Top Workplaces Designation and the Urban Conservation Award further highlight the City's achievements and positive impact.

Parks and Recreation

The success of the Wentzville Rec Center surpassed expectations in its inaugural year, with a robust membership base and enthusiastic participation in recreational activities. Furthermore, enhancements to Fireman's Park, including the addition of Pickleball courts and synthetic turf areas, have further enriched our City park amenities.

Managing Growth

Despite rapid growth, Wentzville remains dedicated to managing expansion responsibly. Supervision of capital improvement projects totaling over \$30 million underscores our commitment to infrastructure development. Initiatives such as the construction of a new Public Works Facility and the completion of the Wastewater Treatment Plant Expansion are pivotal in accommodating our community's needs.

Community Wins

Our efforts to engage with residents and address their needs were evident in numerous community events and initiatives. Hosting a MoDOT regional "Improve I-70" Public Meeting and acquiring over 160 acres of parkland underscore our commitment to enhancing infrastructure and preserving green space for future generations. RESIDENT ROUNDUP

Stay connected with essential news, program details and exceptional City services specifically for Wentzville residents.

TREE-LIMB PICKUP

Twice yearly, the City's Chipper Program provides residents with a free, convenient way to dispose of small tree branches and limbs. This program is only for single-family residences. This program is NOT available for removing tree limbs or tree trunks larger than six inches in diameter. The Spring Chipper Program will take place over a three-week period — by Ward. If you're not sure which you live in, please visit www.wentzvillemo.gov/WardMap.

The spring 2024 collection of tree limbs is as follows:

- Ward 1: Week of April 8
- Ward 2: Week of April 15
- Ward 3: Week of April 22

Please note: this complimentary service is managed in-house. Since sign-ups for this service are not required, and crews do not have precise estimates for limb collection, extending pickup dates may be necessary. We value your patience and encourage you to stay tuned to the City's social media channels for any collection changes.

The City of Wentzville's Street Division performs the City Chipper Program. This tree branch or limb chipper program is NOT part of your solid waste collection performed by Meridian Waste. Tree limbs and branches for the Chipper Program must be stacked at the curb by 6 a.m. on the Monday of your Ward's scheduled Chipper Program week. Tree limbs must be less than six inches in diameter, and should not be bundled or placed in bags. Bagged or tie-bundled materials will not be picked up. Leaves, root balls, decorative grasses, wood chips, bush or shrub trimmings, vines or grass clippings are not included in this collection. To learn more, visit www.wentzvillemo.gov/TreeLimbPickup. If you have additional questions, please call (636) 327-5101.

Board Update: Property Maintenance Reminders

This annual process ensures Wentzville remains a vibrant and thriving community.

Wentzville takes pride in maintaining its neighborhoods to ensure a safe, attractive, and vibrant community for residents and visitors alike. In addition to the annual Property Maintenance Program conducted between April and September, the City's Code Compliance Inspectors actively respond to resident concerns throughout the year. These initiatives play a pivotal role in upholding property standards and fostering neighborhood pride.

Wentzville's Code Compliance Inspectors are dedicated to addressing a wide range of concerns raised by residents, ensuring that properties across the City meet established standards. From tall grass and weeds to trash and debris accumulation, inspectors meticulously review various aspects of property upkeep to maintain the aesthetic appeal and safety of neighborhoods.

As the arrival of spring brings with it a time of renewal, residents are reminded to prioritize property maintenance to uphold the City's standards. Simple tasks such as keeping lawn height below eight inches, maintaining attractive curb appeal and clearing out gutters enhance the visual appeal of properties and contribute to a healthier and safer community. These efforts are essential in fostering neighborhood pride, which significantly impacts the quality of life for all residents.

Year-round property maintenance initiatives in Wentzville underscore the City's commitment to creating a safe, attractive, and desirable community for all residents. By prioritizing property upkeep, fostering neighborhood pride, and promoting collaborative efforts between the City and our residents, Wentzville continues to thrive as a place where individuals can live, work and invest with confidence. Report a property maintenance concern, by visiting www.wentzvillemo.gov/ConcernCenter or calling (636) 327-5101.
